

SAMPLE_VALIDATION_SCHEMA.md

Sample Validation Structure

Enterprise Risk Categories

Category	Sample Indicators
Market Validation	Demand consistency, customer retention
Financial Readiness	Cash flow discipline, pricing stability
Operational Capacity	Production reliability, staffing
Governance	Decision-making structure, accountability
Climate Exposure	Drought risk, supply instability
Resilience Readiness	Adaptation capacity, recovery potential

Sample JSON Structure

```
{
  "enterprise_id": "CRI-0025",
  "sector": "Agriculture",
  "market_validation_score": 72,
  "financial_readiness_score": 61,
  "climate_exposure_score": 48,
  "governance_score": 70,
  "resilience_score": 65,
  "overall_validation_index": 63,
  "risk_classification": "Moderate Risk",
  "recommended_action": "Stabilisation & Targeted Support"
}
```

Validation Thresholds

Validation Score	System Signal
Below 40	High Fragility

Validation Score	System Signal
40–60	Validation Required
60–75	Controlled Support
Above 75	Scale Ready

SAMPLE FIELD TEMPLATE

Indicator	Observation	Score
Market Demand	Inconsistent seasonal demand	55
Cash Flow Discipline	Partial record keeping	60
Climate Exposure	High drought vulnerability	40
Governance	Informal decision structure	50
